Japan National Trust (J.N.T.) is one of the most powerful conservation organizations in Japan. We rely for income on membership fees and donations. We work with citizens to conserve, manage and find out the best way to use the important natural and cultural assets of our country.

Since J.N.T. was established in 1968, we have carried out three main projects:

- 1) Survey and research projects
- 2) Conservation projects based on survey and research reports
- 3) Promotion projects aimed at communicating the benefits of historic preservation to many people.

J.N.T. has acquired eleven properties and opened nine Heritage Centers in various place in Japan in order to encourage citizens to participate in activities of J.N.T.

Also we are participating nationwide networks aimed at utilizing and breathing new life into the traditional environments.

PREFERENTIAL TAXATION SYSTEM

Donations to the Japan National Trust attract preferential tax treatment.

- DEDUCTIONS FROM INCOME TAX
- NON INCLUSION OF INHERITANCE TAX IN TAX ASSESSMENTS
- EXEMPTION FROM INCOME TAX ON INCOME DONATED
- INCLUSION OF LOSSES IN CORPORATION TAX

1. MAKIHATA MOUNTAIN NATURAL SCENIC BEAUTY

<Niigata prefecture, Minamiuonuma City>

From 1974 the beautiful natural interwoven Chitou and Yukita grassland environment has been fully protected and maintained by the J.N.T.

2. REGIONAL HERITAGE SUPPORT PROJECT (Tentative name)

(Currently in progress)

-----Research Activities-----

1. Tourism resources survey

We surveyed almost 200 natural environments and cultural properties in all regions of the country. The results of that contributed to put to good use in ensuring the preservation of these assets.

2. Other independent study surveys

We carried out independent academic surveys, relating to:

1. Policy proposals for national large scale projects
2. Research into property preservation and use systems

3. Commissioned academic survey

To date over 120 commissioned academic surveys have been undertaken in the field of “use and preservation of tourism resources”.

In response to requests from local authorities and related bodies and with the aid of citizens, the government and specialists, discussions centering on regional activation have been undertaken. Focusing on natural resources and inherent historic and cultural assets, these discussions have had a major impact on the formation of preservation policy.

-----Promotion Activities-----

1. PUBLISHING THE JAPAN NATIONAL TRUST JOURNAL

We publish 'Hou 報' six times a year. By the journal we inform news and activities about our properties and report related to the important natural and cultural assets.

2. SUBSCRIBING THE E-mail NEWSLETTER

We subscribe to e-mail newsletter twice a month to inform news and activities of our properties etc.

3. PUBLISHING THE NATURE AND CULTURE PUBLICITY MAGAZINE

Taking into account wide-ranging views on tourism resources and with the aid of material supplied by experts, the national trust have since February 1970 edited and produced the above publication (The publication is currently suspended).

4. SUPPORT FOR MEMBERSHIP ACTIVITY

Support for independent activity by members.

- REGIONAL ACTIVITY (SHIRAKAWA BRANCH etc.)
- GROUP ACTIVITY (MINKA TOWN CIRCLE etc.)

5. VISIT TOURS

Tours are undertaken in order to deepen the knowledge and awareness of Japan's exceptional natural environment, historic sites and beauty spots.
